## How do I sign up?

- Go to [aktivite.com](https://aktivite.com), create a login, select the school, and select ALL sports you are interested in participating in for the year (follow steps and complete registration online).
- Please do this EARLY. Registration will open for ALL SPORTS Monday, May 20, 2024. If you do the student's registration right away, this will speed up the approval rate, whereas waiting until a month before the sport deadline may result in an athlete missing games or not being able to tryout if the paperwork is not processed by the state in time.
- This process can be LENGTHY as the NIAA is specific in their documentation requirements. While most registrations are very smooth, students with complicated registrations can take up to two months for approval. Please visit the FAQ page on [carsonhighathletics.com](https://carsonhighathletics.com) for tips on some of these more complicated situations.
- The registration deadlines are hard deadlines. Please do not call the athletic office to ask to reopen registrations after they close unless your student is a transfer student or there was an extenuating circumstance.
